Dear Mr. McGuire:

SUBJECT: Allied Paper, Inc./Portage Creek/Kalamazoo River Superfund Site; King Highway Landfill Operable Unit 3 (OU-3) – Schedule for Completing Response Activities

This letter is being provided to acknowledge that Item 9 pursuant to Attachment 1-Schedule for Completing Response Activities, of the Administrative Order by Consent (AOC) No. AOC-ERD-99-010 was received on August 27, 2013. The Michigan Department of Environmental Quality (MDEQ) has reviewed that submittal and agrees it contains sufficient information to document that Item 9 has been completed satisfactorily. This fulfills MDEQ's required tasks under Item 10 of the Schedule for Completing Response activities.

As you are aware, the MDEQ continues to encourage Georgia-Pacific to pursue the mitigation of methane that is migrating beyond the western portion of the OU-3 property, or fully demonstrate the technical impracticality of additional methods.

If you have any questions, please contact me at the number listed below.

Sincerely,

for Keith Krawczyk
